.....Market Health & Safety.

1) I/we would like to confirm that we have received, read and understood the documents listed below with reference to ..... Floating Market and agree to conform to the booking conditions detailed within.

- Mooring Order
- Joining Instructions
- Market Booking Terms and Conditions
- CRT Event Licence
- RCTA General Site Risk Assessment - Please also do your own due diligence and risk assessment with regards to any hazards within the area you are trading and whilst you are trading.
- Weils Disease information
- Event Insurance Policy

2) I/We are also aware that the following conditions are part of the licence agreement with CRT and agree to adhere to them.

- **Noise levels will be monitored during and outside of trading** – As it is in the interests of everyone, not to cause a nuisance in any way when we hold a floating market we request that you try to keep generator and engine noise to a minimum. It is also in all our interests for the locals to welcome us back to trade. So please have consideration with regard to noise, for other boaters and residents whilst you are moored at this location.
- **We will keep the towpath clear** - We have advised CRT that we will ensure towpath access is kept as clear as possible. RCTA advice is, that the thoroughfare should always be clear for the use of pedestrians, either walking, with pushchairs or wheel chairs. Traders are permitted to place small tables next to their boat to cover any trip hazards or display their wares only as long as this is safely achievable.

3) I/We confirm I/we have performed my/our own due diligence and have conducted a risk assessment around my/our boat and the immediate area to it.
